COMPANY INFORMATION

About Greenington: Greenington is a sustainable furniture company creating beautiful and high-quality furniture using one of the earth's most sustainable resources, bamboo. Focused on quality Greenington cuts no corners, but also stays true to their sustainable mission by following strict international standard guidelines, and having a zero waste manufacturing process. Learn more at greenington.com

Greenington's president and founder was manufacturing high quality bamboo products for over twenty years before he entered the business of creating his own line of high quality solid bamboo furniture in 2004. Because of his expertise in working with the planet's most eco-friendly, rapidly renewable resource, Greenington's fine bamboo furniture has quickly risen to the top of the industry, known for its enduring beauty, style and quality.

Greenington is expertly crafted in earth friendly solid bamboo, harvested from the managed forests of a fully sustainable, environmentally friendly and rapidly growing renewable resource.

From the beginning, Greenington's mission has been to provide customers with only the finest in bamboo home furnishings. We will continue to strive to ensure that our products represent quality, style and elegance. That's why we trust only nature's most sustainable material to the highest quality craftsmen, and why we will always provide you with first class service.
