BDI's new Cloud 9 Console is a lofty table design that is at home in an entryway, but its slim profile also fits neatly in a hallway or behind a sofa. H: 31" x W: 50" x D: 16"

When workspace is at a premium, Soma Lift Coffee Table rises to the occasion as an unexpected worksurface, moving up or down on its non-powered pneumatic column. H: 43" x W: 27" x D: 28"

BDI extends the Soma Collection with a new non-powered Lift Console that offers a wider array of options for consumers who need flexible spaces in the home. H: 43" x W: 15" x D: 28"

Soma Lift Desks are a new take on sit-stand desks and are available in two sizes to accommodate various spaces in the home. Digital control paddles easily move the desks to user's desired height. H: 72" x W: 31" x D: 24"

BDI introduces the Corridor SV Bar, designed for living areas where space is at a premium. Though its footprint is narrow, this bar pours on all the features of a full-sized standing bar. H: 44" x W: 50" x D: 15"

COMPANY INFORMATION

BDI is a leading home furnishings manufacturer, specializing in innovative media furniture and office solutions that are designed to seamlessly integrate technology into the home. Our collection also includes contemporary shelving systems, occasional tables and more.

BDI's designs can be found in fine home furnishings and electronics retailers throughout the US, Canada and internationally, bringing contemporary home furnishings to all those who appreciate great design.

As a design driven company, our primary goal is to develop beautiful—and functional—furniture that not only stands the test of time, but transcends trends.

BDI is based in Chantilly, VA, and ships to retailers nationwide. Export opportunities are also available.
