A globally-inspired table lamp, Bayonne features natural rattan vines that wrap a black ceramic silhouette, creating a striking contrast in color and organic texture.

Inspired by calla lilies in bloom, Montrose evokes a sense of modern romanticism. This chandelier combines art deco aesthetics with clean lines.

Cartagena cuts an impressive figure with its substantial size and exquisite materiality. Tiers of lustrous leaf-shaped panels crafted from fine Capiz Shell exude drama and decadence.

Oneida revives art deco principles with contemporary simplicity. Artfully layered tiers of vintage gold leaf and sand-hued plates creatively guide the direction of light.

An airy spray of white glass flowers forms the cloud-like silhouette of Hygea. Vintage gold leaf arms act as stems, supporting the delicate blooms as they gently diffuse light.

Chanterelle's pleated natural linen shade feels soft and fresh and the undulating edge adds sophistication and movement. The tapered base is also wrapped in natural linen.

Coe gives the traditional drum flush mount a layered look and an elevated earthy style. Playing with both shape and texture, two natural rattan rope shades are styled one inside the other.

A deconstruction of the recognizable ring chandelier, Allegra breaks the circular form into separate staggered arcs. The arcs orbit around an Aged Brass orb at the center.
