## THE SPRING HILL

---

*Simplistic Elegance*

The Springhill Collection from Style Setters is designed with elements commonly found in antique Asian Chests, while being mindful of the Casual Contemporary lifestyle of today's interiors. The soft half round mouldings and quarter round posts form the cases and drawers and are finished in a warm English Chestnut. Premium "V" matched veneer tops on each of the two Dressers and the two different Nightstands in the premium and standard sizes.

The Gunmetal Grey hardware is custom designed specifically for this collection. The generous size is offset by an almost delicate, gentle tapered scale. The Premium "V" matched veneers carry through on the beds and are accentuated with tooled metal. The Storage footboard adds a valuable storage feature in any room.
