ALFONSO MARINA SPRING 2023 COLLECTION HIGH POINT MARKET, APRIL.

We are thrilled to share with you our newest collection, which features a wide range of products suitable for any decor style.

This collection was designed with an emphasis on elegance and exceptional craftsmanship, resulting in pieces that exude sophistication and refinement.

CHIANNI SOFA

Made with materials of the highest quality, this upholstered sofa is as comfortable as it is stunning. It has a solid wood base and the straight lines of the design make it a simple and elegant model.

LIMOGE SOFA

The curved design of this sofa makes it adaptable for a variety of current styles and settings. It also has two decorative cushions that rest on the seat.

RUFFEC SETTEE

This piece was inspired by the work of Pierre Jeanneret. The sides go from thin to thick, while the slightly curved, hand-woven backrests and seats add movement and levity. It is complemented with a long, loose cushion.

GUERÈT BENCH

This versatile piece comes in two versions: with one or two rollers. Each is supported by a hand-made metal piece with a rustic finish that turns into a pointed leg. The wooden base is textured and can be made in light and dark.

ARBONNE BERCY

Inspired by Dan Johnson's 50's design this stunning chair is scattered with fine details. It features a brass arm rest that goes around the back of the chair. The delicate legs end with brass caps, joined beneath a cross-piece. An alternate model is available with wooden armrests with a brass line that runs through.

LILLE BAR STOOL

Elegance and simplicity come together to create the "french fifties" inspired Lille Bar Stool. The back wooden frame is joined by three brass staples which are hand processed, intricate and timeless.

PALERMO COCKTAIL TABLE

These two tables have different heights and are intertwined. Each has an irregular shape and rounded legs. The piece comes with a ceramic finish and is perfect as a center piece for a living room or casual seating area.

BIELLA AUXILIARY TABLE

This modern lamp table is a visual delight. It has a smooth conic base, and the tabletop extends to the floor with a continuous downward curve. It has the elegant detail of an incrustated metal inlay across the edge of the tabletop.

TERNI LAMP TABLE

Two wooden tables that complement each other. One is taller and has a conic base and the other is shorter, wider and has a bell shaped base. The finish looks like polished metal but is completely made of wood.

ENS LAMP TABLE

This wooden lamp table has a distinct design that brings elegance to any space. It has a wide tray-styled table and three pointed legs with brass caps.

AALBORG SMALL CHEST

This chest represents the marriage of tradition and modern design. It features hand-placed marquetry that creates a geometric motif. It also has three large drawers and sleek top made with high quality marble.

GHANI CONSOLE

This intricate half moon console is an instant eye-catcher. The stunning top has a patterned design created with the use of diverse lines and it comes in a metallic finish with three tapered wooden legs.

MARANZA CONSOLE

This striking and irregularly shaped wooden console is supported by nine distinct legs, each placed at a different angle, made of wood in a metal finish.

LIVANZO BUFFET

This strong buffet is decorated with textures all across its front side. It has triangular moldings that give movement to its design, with a simple base and tapered legs in a dark finish that contrasts with its red interior.

AUBINE ARMOIRE

Beautiful decorated Armoire achieved by the use of different moldings in different planes creating a complex geometric design. It has a simple base with hand turned legs that give it balance, combining simplicity and texture.

BRIEC II DESK

A functional, intricate and detailed desk. Veneered in koa wood, it comes with leather cover and a wide array of drawers, some of which are hidden and have special compartments. The decorations, including the compartment designed to hide cables, are made of brass.
