## COMPANY INFORMATION

Boutique design studio r. LUSK Studios continues its tradition of custom hand-crafted wall decor for residential and commercial interiors. Four distinctive offerings provide beautiful art solutions for beautiful spaces

At the center of the company's innovation is its line of hand-gilded textile art panels featuring the distinctive custom patterns the company is known for. Influenced by centuries old designs, artist/owner Reese Lusk mixes iconic patterns with contemporary influences to create a unique art offering that provides exciting options for residential and commercial interiors. His inspired designs are created in rich custom pigments, individually hand-finished in gold and silver leaf, mounted on linen wrapped boards and framed in 5-sided acrylic vitrines for a museum quality presentation. Wood framing is also available for a more traditional look.
