## COMPANY INFORMATION

America is a leather development and sales organization with 21 years experience in the market, serving our clients with high quality Hair-on Hide Rugs, Sheepskins and leathers for the furniture industry.

Products range from hair-on cowhides (both natural and printed), sheepskins, calf and goat skins to a large variety of top grain leather options for designers to create custom pieces. Orders can be shipped from Brazil directly to the customers in the USA, and smaller volumes are also available from our stocks in High Point, NC.

With offices and showrooms in Brazil, China, North Carolina and Mississippi and some of the best tanneries in South America and Europe as our partners, ARL designs and launches new leather collections every season, ensuring all design and performance requirements are met.
