COMPANY INFORMATION

Hi! We are the Varnish girls, Mary Lovett and Anna. We have a love for all things rattan - it's an obsession really. We are excited to bring you these unique pieces to elevate your home!

Why Varnish? We are two sisters from a large family - the Varners. Our parents had five daughters total, so growing up we were collectively referred to as "The Varner Girls." Born and raised in Georgia, we spent our childhood making memories with our huge family that we cherish dearly. In fact, many of those memories took place on our back porch, which was furnished with a full set of wicker that had been passed around our family for years. When we started our business, honoring our maiden name with the name "Varnish" was a no-brainer.

Through a love for interior design, unique aesthetic and family tradition, we founded Varnish. Follow us on Instagram to keep up with our current collections, new designs, or just to say hey - we love making new friends from all over and growing our Varnish family!
