

AMERICAN HOMESTEAD

FURNITURE

An Origin Story...

Bailee Nebeker and Nathan Chetrit are partners in both business and life. Nathan began selling found and repurposed furniture out of his garage in 2013, quickly expanding to two storefronts.

When the two met, Bailee began consulting in retail and design. As the business flourished, this partnership became focused and committed to the design and manufacturing of quality furniture that customers wanted to buy.

Ten years later, with stores in four states, their Brands continue to deliver stylish, lasting, affordable furniture to customers.

AMERICAN HOMESTEAD

Distinctive style, approachable value

American Homestead Furniture (AHF) is a family-owned home furnishings manufacturer with over ten years of experience in bringing quality furniture to market at the best prices. Our attention to construction and detail may only be surpassed by the value we extend to our wholesale and trade partners. At AHF, our goal is simple: to deliver a tailored and unique buying experience, whether it be a single sofa, truckload, or container of your new best-seller. We are successful when our partners are successful and, as such, we are committed to providing products that will satisfy your customers and create lasting advocates for your business.

MODULAR SEATING

Pieces starting at \$96

A variety of options offer endless configuration possibilities. Our modular seating features kiln-dried hardwood frames, sinuous springs and a range of durable fabrics. The Harper (bottom) cushion inserts are filled with a 70/30 down/polyfiber blend. Each cushion is double bagged to prevent shedding. The Bella (top left) is covered in a soft corded microfiber and is the perfect binge-watching sofa. It's cozy and plush, with extra wide seats made with pocketed coil cushions and 2.2 high density foam overlay. Lounge in luxury and ultimate comfort on the Boise (top right). This plush, blanket-soft chenille upholstery comes complete with rolled pillow top arm rests and extra high back cushions.

STORAGE SLEEPERS

Pieces starting at \$319

Perfect for smaller spaces, the Regis (top left and right) chaise lifts to reveal hidden storage, includes a pull-out trundle feature and is reversible. Store blankets, pillows and bedding for a ready-made guest room. The Regis is stocked in brown and grey cotton/poly blend fabric. The Tacoma sleeper storage sectional (bottom) is a great solution for guests or for an Airbnb. The chaise lifts up to access a generous storage space and is available in left and right facing options. This sleeper features durable cotton/poly grey upholstery, hardwood frame, and steel bed mechanism. The Tacoma seat cushions are made with 2.2 high density foam with encasement. Mattress is included. Also available in a sofa version with queen mattress.

LIVING ROOM SETS

Pieces starting at \$102

The Aspen (bottom), Scottsdale (top left) and Romeo (top right) living room collections are all constructed with kiln-dried hardwood frames, sinuous spring suspension, and durable upholstery. The Aspen is available in three linen fabrics, four top grain leathers, and the wood base can be ordered in five brushed oak wood finishes. Our Romeo classic living room is stocked in linen/poly fabric and comes complete with stylish throw pillows. Scottsdale features a clean modern track arm, with beige and grey poly/cotton blend upholstery, and is complimented with a storage ottoman. All three living room groups boast pocketed coil cushions, with 2.2 high density foam overlay, and are built to last.
