## THE DESIGNER

Pedro Sampaio was born in Porto, in April 1972.

Like the most exciting stories, it all started with a man and a vision.

Influenced by multiple cultures and the cosmopolitan lifestyle, Pedro knew exactly what he wanted the interior design world to be: customized with well-crafted furniture that could adapt to the most demanding tastes.

With inherited tradition from a family business, each collection was made upon request.

Along these lines, Casa Magna was born as a mixture of perception, creativity and excellence.
