HARBOUR

AUSTRALIAN BORN. HANDCRAFTED SINCE 1976.

SHOPHARBOUR.COM

A Family Story. A Culture of Craftsmanship.

The name Condos has always been synonymous with the word blacksmith. The intricate details of metalwork and craftsmanship have been carefully passed down from one generation to the next. Harrison and Nicholas Condos' passion for design inspired them to grow their father's Australian company into Harbour, a global leader in luxury outdoor designs.

Every piece is built to withstand a variety of climates and made with beautiful but durable materials like powder-coated aluminum, sustainably sourced teak and luxury performance upholstery.

We invite you to share in this legacy, and take a step outside to enjoy the great outdoors with us.

What Guides Us

We're leaders in the world of design who believe timeless designs can bring people together and elevate their experiences. We're inspired by the culture of craftsmanship in our family heritage and by our Australian identity — which shape the simplicity of our design, the durability of our product and our commitment to sustainability. We aspire to have a positive impact on the world because we believe that humanity is at its best when people come together. Our passion for design drives us to be dedicated to the perfection of our art — the art of togetherness.

Design & Manufacturing

At Harbour, we are fully vertically integrated, designing and manufacturing all our collections in-house. This approach allows us to maintain unmatched attention to detail and craftsmanship, while ensuring full control over every step of the process. As a result, we can quickly bring innovative, on-trend designs to market.

Our coastal luxe style is a fusion of traditional and modern elements, rooted in our Australian origins and Mediterranean heritage. Our designs draw inspiration from modern beach houses, which blend seamlessly into the rugged coastline.

We are deeply committed to sustainability and ethical responsibility. Harbour strives to create flawless products while embracing practices that respect the natural world and promote a healthy balance.

US West Coast: 5 - 10 Business days

US East Coast: 10 - 14 Business days

Contract & Hospitality

We collaborate globally with leading hotels, architects and designers to craft indoor and outdoor collections that enhance hospitality environments, corporate offices, and event spaces. Our specialized Contract division is renowned for creating collections for some of the world's top retailers and prestigious hospitality projects.

Wholesale Programs

Our products are stocked globally, supported by a robust distribution network and partnership program for dealers and wholesalers. As we continue expanding internationally, we are actively growing our dealer partnerships.

Being vertically integrated—both designing and manufacturing our collections—allows us to offer competitive pricing and higher retail margin opportunities, reinforcing our commitment to building successful partnerships.
