Intro

Where comfort meets creativity! I am a passionate artist and furniture designer dedicated to crafting unique, high-quality pieces that elevate your space. Each item is thoughtfully designed and handcrafted, ensuring that every detail reflects a commitment to a strength in vision and quality.

ERS believe that furniture is more than just decor; it's an essential part of your home and lifestyle. My vibrant use of color and sculptural designs bring new personality to any room, making a statement while also providing functionality. Join in on the journey to transform your living spaces into a true reflection of you. Explore our offerings and discover how we can help you create a home that feels uniquely yours!

Ethos

Ellie Richards Studio is built on four key beliefs. They are formed from over 15 years of experience woodworking and designing furniture for the home. These principles are embedded in each part of the process from acquiring locally sourced material to painting each layer of non-toxic paint on the furniture forms by hand. These tenants form the basis of everything we do.

Ellie Richards

* ARTIST, DESIGNER, EDUCATOR

Ellie Richards is a furniture designer and sculptor interested in the role the furniture and domestic objects play in creating opportunities for a deeper connection between people and their sense of place. Ellie looks to the tradition of both woodworking and the readymade to create eclectic assemblage, installation, and objects exploring intersections of labor, leisure, community, and culture. She has traveled extensively to investigate the role play and improvisation have on the artistic process. Her work, both furniture and sculpture, has been included in exhibitions at museums and galleries across the country.
