# ANTIBES

---

The natural expression of organic simplicity, Antibes highlights a tranquil sensibility. Softened profiles float on sculptural bases, balancing the weight of solid forms with open spaces. Bold shapes have a subdued, monolithic beauty. Deeply textured surfaces have an artisan, hand-hewn feel, while clean lines and smooth concrete offer an understated contrast. The collection has a minimalist perspective that is quietly relaxed, combining livable warmth with an elevated aesthetic. The look is calm and serene with a lightness that seems elemental.

# MENTON

---

Defined by clean lines and architectural details, Menton combines a low key modernist perspective with a moody palette of earthy hues. Exaggerated linear reeding highlights simple, unadorned profiles. A sleek beveled tabletop floats above bold structural posts that anchor each corner. The collection bridges rustic and metropolitan, blending natural textures with warm minimalism and elevated design. The look is edgy and sophisticated, but casual and cool. A collection for the urban wanderer.
