#546 DUAL CABINET

Innovative and dynamic. These may not be the first two words that come to mind when you take a look at the new #546 Dual Cabinet from Skovby. But you will be surprised! It is not just a beautiful and classic piece of furniture. It is a small masterpiece that bridges the gap between past and future. The cabinet represents everything that Skovby stands for: Scandinavian design, uncompromising joinery, healthy materials, intelligent technology and in this case with a special focus on the core principles of transformative functionality.

THE CABINET HIDES A SECRET. IT TRANSFORMS!

At first glance, the #546 Dual Cabinet has a slim and symmetrical facade with a central split roller shutter front to hide the contents inside. The top part of the shutter rolls up and the bottom part rolls down. The design is both timeless and sophisticated. So far so good.

The real magic happens when you interact with the cabinet. A light touch and pull open its hidden potential. The seemingly closed sides reveal a rotating mechanism that discloses the contents inside. The whole interior of the cabinet rotates easily and elegantly 180 degrees, revealing three shelves that can hold a wide variety of things – from a minibar to handicrafts, books or everyday objects. It is both practical and space-saving.

It is also sublime craftsmanship. Form and function in perfect harmony. The cabinet will surely excite all connoisseurs and design enthusiasts, and is guaranteed to pique curiosity and start conversations!

The #546 Dual Cabinet is available in several finishes

Measurements: Width: W124 x D41 x H145 cm / 48.8 x 18.9 x 57"
