Hana - Deep Seating. Solid Grade A teak frames are complemented by the texture of our all-weather Sisal wicker. The lounge pieces, enhanced by sling seat decks beneath the cushions, invite relaxation.

Hana - Dining Chairs. Intertwining modern aesthetics with timeless craftsmanship, dining chairs are beautifully contoured and offer a comfortable seating experience without the need for cushions.

Normandy - Deep Seating. Quintessential garden estate furniture. Masterful reliefs of hummingbirds and trumpet vines are hand-carved with utmost precision into solid distressed teak frames.

La Jolla - Dining Group. Sleek modern design, crafted from rustproof aluminum, distinct tapered legs, and elements of Grade A teak, characterizes this collection, offering both durability and style.

Café - Dining, Bar & Counter Chairs. Crafted from power-coated aluminum and all-weather wicker, Café is perfect for patios and outdoor eateries. Special-order wicker options are available to order.

Catherine - Aluminum. A classic blend of mixed materials for a relaxed, elegant aesthetic. Seating surfaces are crafted from extra-large strands of wicker eliminating the need for cushions.

Montauk - Sectional and Occasional Tables. Frames crafted from solid distressed teak with angled backrests, plush cushions, and extra deep seats make Montauk among our most comfortable collections.
