ARC is a family company currently in its second and third generation, represented by Armando Rocha, alongside Rui and Inês Rocha, respectively. For over 50 years, we have been designing, crafting, and selling furniture with an original, contemporary aesthetic, using eco-friendly materials and the skilled hands of our artisans.

The ARC brand, true to its slogan Masters of Furniture, honors traditional values while gaining recognition for seamlessly blending quality, heritage, and modernity with bold design. This philosophy has fostered successful collaborations with renowned Portuguese and international designers and architects.

INTRODUCING

# EEVE

The EEVE collection: a sleek, linear design blending wood with lacquer.

With exquisite dovetail wooden drawers, it perfectly combines modern sophistication with timeless elegance with delicate and distinctive details.

INTRODUCING

# AURA

The AURA collection lives up to its name. In Portuguese, "Aura" refers to the essence that a person or object radiates—an intangible presence shaped by unique characteristics and details.

Blending tranquility and comfort with premium materials and modern touches, this collection has the power to transform your home, creating the perfect atmosphere you desire.
