

FALL 2026 • HIGH POINT MARKET

Press Kit

Company Boilerplate

Since 1983, A Plus International has been part of the evolving story of home. What began with carefully sourced imports has grown into a focused assortment of motion upholstery, bedroom collections, media consoles, and electric fireplace consoles built for national and independent retailers.

We work with a handful of top-tier manufacturers to keep quality among the highest in the category. Low overhead and logistics strength let us pass real savings through to retailers. Our core advantage is speed: we render ideas within a week and sample in three weeks, so partners do not have to wait until the next market to put hot product on the floor.

API operates a 60,000-square-foot office and warehouse in the DFW area and is a Costco supplier through our Vietnam manufacturing partner. Old-school values. New-school vision. Quality and style, moving forward together.

What's New This Market

A Plus International is introducing **8 new fireplace consoles**, **8 new media consoles**, and **3 new bedroom collections** at High Point Market Fall 2026. Featured here: the Rockford 2-Tone Bedroom Collection, the Hastain Fireplace Console, the Sedona Media Console, the Timbrell Bedroom Collection, and the Hollowbrook Console.

Showroom

Centers of High Point — Hamilton Building

NEW BEDROOM COLLECTIONS

Rockford 2-Tone & Timbrell

Rockford 2-Tone Bedroom Collection

Introducing at Fall Market, including the canopy bed. Soft mid-century lines with a global-chic point of view. A bouclé-upholstered headboard, gold hardware, and reeded wood drawer fronts give the group a distinct silhouette on the floor.

Construction: Rubberwood solids with multi-step oak veneer in a natural white oak finish. Cases feature undermount soft-close hardware.

Note: The Rockford walnut finish remains a Costco exclusive. The 2-tone / canopy story is the market introduction.

Rockford 2-Tone canopy bed — market introduction

Timbrell Bedroom Collection

Channel-paneled headboards and framed case pieces in a rich mid-tone brown. Acacia solids and acacia veneer, accented by aged bronze hardware that feels gently timeworn. Quiet coastal refinement without the driftwood cliché.

Construction: Acacia solids and veneer. Full deckboards on the bed. Cases use undermount soft-closing drawer glides.

Timbrell Bedroom Collection — group shot

NEW FIREPLACE & MEDIA CONSOLES

Hastain, Sedona & Hollowbrook

Hastain Fireplace & Media Console

Stately and high-end: curved sides, fluted dental molding, glass doors with integrated LED lighting, and a rich heritage oak finish. Built for illuminated display and organized media storage.

Fireplace console: 74.5" W × 16" D × 27" H · two glass doors · 42" electric insert

Media console: 76" W × 18" D × 31.5" H · four glass doors · LED lighting, adjustable shelves, cord management

Hastain fireplace console — room scene with LED lighting

Sedona Media & Fireplace Console

Vertical plank doors with an intricate frame silhouette in a driftwood alder finish and aged bronze hardware. Relaxed structure that still reads premium on the floor.

Media console: 72" W × 18" D × 31" H · four doors · adjustable shelves, cord management

Fireplace console: 72" W × 18" D × 25.5" H · two doors · 42" electric insert (heats up to 400 sq. ft.; five color/flame options with remote)

Sedona four-door media console — 72" W × 18" D × 31" H

NEW FIREPLACE & MEDIA CONSOLES

Hollowbrook, Rosedale & Carland

Hollowbrook Media & Fireplace Console

Plank-style open shelving with two doors and one drawer, inverted corner details, adjustable shelves, and cord management in a weathered natural finish. Accessible, versatile storage with a strong value story.

Media console: 74" W × 18" D × 30" H

Fireplace console: 78" W × 16" D × 32" H · 42" electric insert (heats up to 400 sq. ft.; five color/flame options with remote)

Hollowbrook fireplace console — weathered natural finish

Rosedale Fireplace Console

Two-tone modern case — dark wood frame with light textured door panels and circular hardware. Clean lines, strong presence, built around the 42" insert.

Carland Fireplace Console

Light oak finish with a grid-panel door detail and tapered legs. Warm, architectural, and easy to merchandise next to coastal and casual collections.

Carland

FIREPLACE PLATFORM • RETAILER NOTES

Shared Insert Specs & How We Work

42" Electric Insert (featured fireplace SKUs)

Featured fireplace consoles this market use a 42" electric firebox designed as both a visual centerpiece and a functional heat source. Typical platform features:

- Heats up to approximately 400 square feet
- Five color / flame variations
- Remote control

Why retailers work with API

Select factories. A short list of top-tier Vietnam partners — quality first, not a revolving factory door.

Sharp pricing. Small overhead and strong logistics. Savings move to the retailer.

Speed to floor. Renders in about a week. Samples in about three weeks. Retailer-specific co-development in days, not markets.

Domestic support. Owned warehouse in Dallas with the option to discuss East Coast staging as volume grows.

Visit the Showroom

See the new bedroom collections and fireplace / media assortment in person at **Centers of High Point, Hamilton Building, Space #137**. Opening-order consideration is available for new retail partners.
