Flocke Lighting | SAMS G-3028
flockelighting.com

Flocke Lighting's sculptural wool shades are designed around the physiological effect of light and how it shapes a space and the mood within it. Every shade is hand-felted from New Zealand wool and finished with bodies of custom hand-poured brass. Nothing is mass produced. Material and form work together so light itself becomes part of the room - soft, diffused, and quietly warm. A calm you can see, hear and experience. Beauty and well-being from the same material. Designed in Charleston, SC.

Zafferano America | SALON G-7056
zafferanoamerica.com

Zafferano America was established in 2019 by long-time friends Federico de Majo and Barrett Gross. The pair first met in the 1980's while working for their respective family businesses. For nearly 40 years, they have partnered in selling Italian-designed lighting and glassware in North America. De Majo is a noted Venetian glass designer and entrepreneur who launched the Zafferano glassware brand in 2001. Lighting products were soon added, and with the introduction of the flagship Poldina Pro table lamp in 2018, Zafferano was among the first companies in the world to offer a high-quality battery-powered cordless lamp. The emergence of the Pina Pro table lamp in NYC, as a favorite for outdoor dining in 2020, firmly established Zafferano as the global leader in this category. The Poldina Pro and Pina Pro have since become two of the best-selling designs in the history of lighting, each having sold millions of units. They can be found in shops, homes, and on restaurant tables around the globe. Why Zafferano? Our cordless lamps are a cut above the rest. They have a wide range of features, including touch-dimming, color temperature selection, rechargeable and replaceable batteries, and water-resistant protection for both indoor and outdoor use. We prioritize innovation and aesthetics while still maintaining an uncompromising commitment to quality and functionality. With over 4,000,000 lamps sold worldwide, Zafferano transforms everyday living by bringing joy, color, and light.
