ABOUT WERMO

European Heritage. Contemporary Design. American Ambition.

Furniture craftsmanship - Our Heritage

Modern Manufacturing - Wermo Today

Founded in 1947 in Võru, Estonia, Wermo brings nearly 80 years of furniture-making expertise to contemporary interiors. Combining traditional craftsmanship with modern manufacturing technology, we specialize in distinctive furniture, innovative product development and the art of working with natural wood veneers.

Working with international designers and retailers, Wermo creates its own collections alongside exclusive private label programs, bringing together thoughtful design, natural materials and European manufacturing expertise.

From Estonia to North Carolina

Through Wermo LLC in Conover, North Carolina, we offer U.S. retailers locally stocked furniture, assembly services and fast domestic delivery.

Looking ahead, Wermo plans to establish manufacturing operations in North Carolina in 2028, further strengthening its commitment to the American market.

THE ART OF VENEER & INNOVATION

Natural Materials. Distinctive Details. Innovative Thinking.

Natural Materials & Distinctive Veneers

At Wermo, wood veneer is more than a surface finish – it is an essential part of our design identity. Our expertise in natural veneers allows us to explore rich wood grains, curved forms and carefully crafted details.

Designed to Stand Apart

From rounded edges and seamless mitred joints to striking veneer patterns, our furniture combines contemporary aesthetics with precision manufacturing.

Curved Forms & Precision

Innovative Veneered Sliding Doors

Innovation in Motion

Our proprietary veneered sliding door system combines smooth functionality with a clean, uninterrupted furniture front. With a patent application filed, this innovative solution reflects Wermo's commitment to combining distinctive design with practical functionality.

DESIGN COLLECTION HIGHLIGHTS

Distinctive Forms. Natural Materials. Contemporary Living.

ARC | Sculptural Elegance

A new collection featuring softly rounded edges, refined proportions and rich walnut veneer. ARC brings architectural elegance to contemporary interiors.

BLOOM | Nature as Art

Bloom celebrates nature through extraordinary decorative surfaces. The walnut sideboard features genuine rose petals, while the oak version showcases ALPI hay with delicate flowers.

Available from Wermo's U.S. warehouse.

MALIBU | Organic Sophistication

First presented at ICFF New York, Malibu combines sculptural forms with expressive wood veneers. The burl oak cocktail table highlights the collection's distinctive character and craftsmanship.

DESIGN COLLECTION HIGHLIGHTS

Distinctive Forms. Natural Materials. Contemporary Living.

MADISON | Natural Innovation

Madison combines natural rattan with Wermo's patent-pending sliding door system, bringing warmth, elegance and functionality to contemporary interiors.

Available in oak and walnut from Wermo's U.S. warehouse.

MOUNTAIN MODERN | Refined Versatility

Mountain Modern combines warm walnut veneer with open display space and concealed storage. Its sliding doors offer versatile functionality, transforming the credenza from elegant storage into a stylish display cabinet.

DIANA | Timeless Simplicity

Diana combines clean lines, balanced proportions and warm brown-stained oak veneer. Its understated elegance and refined details create a timeless look for contemporary interiors.

Distinctive Forms. Natural Materials. Contemporary Living.

BOHO | Natural Elegance

Combining rich walnut root veneer with natural rattan doors, Boho brings warmth, texture and organic elegance to contemporary interiors. The collection is available in both walnut and walnut root veneer.

STILO | Seamless Innovation

Stilo combines elegant walnut veneer, softly rounded forms and Wermo's innovative veneered sliding door system. With a patent application filed, the design offers smooth functionality and a seamless furniture front.

Available in oak and walnut from Wermo's U.S. warehouse.

SHAPE | Playful Geometry

Shape transforms functional storage into a bold design statement. Its distinctive geometric cut-outs create a playful display of open and closed spaces.

Available in oak and walnut from Wermo's U.S. warehouse.

PRESS RELEASE

FOR IMMEDIATE RELEASE

Wermo Brings Nearly 80 Years of European Craftsmanship to High Point Market 2026

European furniture manufacturer makes its High Point Market debut and seeks new U.S. retail partners.

HIGH POINT, NC – October 2026 – Following its presentation at ICFF New York in May, where Wermo's exhibit caught the attention of visiting High Point Market representatives, the Estonian furniture manufacturer was invited to participate in High Point Market 2026. Making its debut on October 17–21, Wermo will showcase contemporary furniture collections combining European craftsmanship, natural materials and innovative design.

Founded in 1947 in Võru, Estonia, Wermo brings nearly eight decades of furniture-making expertise to the American market. With a strong focus on natural wood veneers, distinctive forms and precision manufacturing, the company creates furniture that balances timeless aesthetics with modern functionality.

Design Innovation Meets Craftsmanship

At High Point Market, Wermo highlights collections including ARC, Bloom, Malibu, Boho, Stilo and Madison. From sculptural walnut and burl veneers to natural rattan and genuine rose-petal surfaces, the designs celebrate the beauty and versatility of natural materials. A key innovation is Wermo's proprietary veneered sliding door system, with a patent application filed, offering a seamless furniture front without compromising functionality.

Strengthening Wermo's U.S. Presence

Through Wermo LLC in Conover, North Carolina, the company offers U.S. retailers locally stocked furniture, assembly services and domestic delivery. Looking ahead, Wermo plans to establish manufacturing operations in North Carolina in 2028, further strengthening its long-term commitment to the American market.

Seeking New Retail Partnerships

A key objective of Wermo's High Point Market debut is to establish new partnerships with furniture retailers across the United States. Wermo is actively seeking retail partners interested in distinctive European furniture collections, supported by local inventory and distribution through its North Carolina operations. The company also welcomes opportunities for private label programs and custom product development.

Visitors are invited to discover Wermo's collections and explore partnership opportunities at **InterHall, Booth IH311**, during High Point Market, October 17–21, 2026.
