Safety is built in, not added on: an integrated non-slip backing holds every Oak Valley Designs carpet stair tread in place without adhesive or hardware. Made to order and manufactured in the USA.

Warm woven texture meets everyday durability with our Canterbury carpet stair treads. Each is cut to order to fit a specific staircase and manufactured in the USA.

From the first step to the final turn, Tailored Square keeps the look continuous—carpet stair treads paired with a landing piece. A made-to-order design, produced in the USA by Oak Valley Designs

Our Classic Sisal carpet stair treads bring soft, natural texture underfoot—barefoot-friendly and cut to fit every step and turn. Made to order and manufactured in the USA.

Our Oak Valley Plaid carpet stair treads feature a subtle pattern that runs cleanly down the full flight. Made to order, manufactured in the USA, and finished to hold up to everyday wear.

Oak Valley Wool Diamond features a crisp diamond pattern that runs tread by tread up the full flight and onto the landing. Made to order by Oak Valley Designs in the USA—cut to fit, no adhesive needed

Classic Sisal: a durable, tightly woven natural fiber in soft amber. Each carpet stair tread is made to order and cut to fit your stairs, with a coordinating bound landing piece to complete the run.

Oak Valley Orla in Misty Blue brings a soft powder-blue and cream weave to every step, in a tight, durable low pile bound clean around each edge. Made to order by Oak Valley Designs in the USA.

COMPANY INFORMATION

Oak Valley Designs manufactures custom carpet stair treads, landings, and runner systems, proudly made in the USA. We specialize in bringing premium, designer-ready finishes to an overlooked category of residential design — the staircase. Each tread is precision-cut and hand-finished, offering builders, designers, and homeowners a durable, family and pet-friendly alternative to the traditional fully installed carpet runner.

Our systems are tailored to fit any staircase, with a range of edge profiles — including Bullnose, Flat, Square Edge, and LVP finish — allowing for a fully customized look that pairs function with style. We're proud to partner with our vendors to bring a cohesive, elevated experience to every project.

This fall marks Oak Valley Designs' first appearance at High Point Market. We invite designers, retailers, and builders to visit our showroom (Booth G-7010, Salon Suites at Market Square) to see, touch, and experience ... where design meets the staircase.

Stop by the booth, share a drink, and enter to win a free custom set of carpet stair treads/landing each day! Sign up here for a one-one-one consultation session!
