COMPANY INFORMATION

Founded in Newport Beach, California, in 1989, Newport Brass emerged from a simple belief: the objects we live with should be as enduring as they are beautiful. For us, that beauty is not fleeting—it is forged. It is felt in the weight of solid brass in all our faucets and fixtures, the stillness of craftsmanship and the enduring presence of something made by hand. Guided by decades of expertise, we carry tradition forward, creating for those who do not simply decorate a home, but build a legacy.
